

Annual Quilt Raffle

About the 2007-2008 Quilt Raffle

We have picked a quilt as the focal point of our fundraiser because of how quilts evoke thoughts and feelings related to safety and comfort. This year's quilt was inspired by women that have gone through the difficult process of moving from lives of pain toward the light of learning new ways of living that are healthy for themselves and nurturing for their children. Each and every life that has been touched with goodness and hope is a cause for true '*Celebration.*' Funds will be used for support and services to victims of domestic abuse and sexual assault in the State of Idaho.
