Safe Place Ministries exists to provide training, resources, and support to individuals and organizations whose lives and ministries have been touched by domestic abuse, childhood sexual abuse, and sexual assault. By accurately identifying, understanding, and responding to the complex dynamics of abuse, together we can bring hope and healing to individuals, families and communities.

HIGHLIGHTS

- ◆ Financially Safe Place Ministries saw a favorable variance this past fiscal year. Our income exceeded the budget by 9% and we decreased our expenses by 2%.
- ◆ We have developed and expanded our training and class offerings. These additions include a new Gospel Identity class designed to grow and equip those looking to understand how the gospel of Christ impacts and defines us in all areas including individual identity, relationships, and suffering.
- ◆ We continue to expand services to underserved and marginalized populations including male abuse survivors, older individuals, and couples dealing with abusive situations outside of their relationships.
- ◆ As of October 2018, Safe Place Ministries receives 100% of funding through private donations and grants with no affiliation or dependence on any government resource. This decision reflects our desire to independently operate and minister according to the biblical principles on which we are founded.
