Pat Harder
Client Care

Safe Place Ministries exists to provide training, resources, and support to individuals and organizations whose lives and ministries have been touched by domestic abuse, childhood sexual abuse, and sexual assault. By accurately identifying, understanding, and responding to the complex dynamics of abuse, together we can bring hope and healing to individuals, families and communities.

DIRECT CLIENT SERVICES

Located in Boise, Idaho, Safe Place Ministries exists to serve individuals impacted by abuse in all its forms. We offer a variety of services that holistically address client needs from the initial crisis phase, through stabilization and recovery. This year we provided over 1,200 services to approximately 1,454 adult victims and their children. We documented that over 850 services were provided due to private donations. Types of services offered include the following:

- ◆ Assessments and referrals
- ◆ Social Services (clothing, childcare, transportation support, household supplies and personal care items)
- ◆ Advocacy (supporting and accompanying clients through the legal system, mainstream social services and advocating for clients in a variety of circumstances)
- ◆ Case Management (assessing client needs, developing a plan and help with implementation of plan)
- ◆ 1:1 Support (education, mentoring and spiritual care)
- ◆ Educational Support Classes and Trainings

EDUCATION RESOURCE NETWORK

The SPM Education Resource Network exists to support and equip our community to respond with wisdom and compassion to those affected by abuse. The network consists of faith-based and secular organizations that work with individuals from all walks of life. We partner with local service providers including Love Inc., Nampa Family Justice Center, El-Ada Community Action Partnership, Terry Reilly, and the Boise City/Ada County Housing Authority.

In addition, Safe Place Ministries collaborates with churches, ministries, healthcare providers, attorneys, local hospitals, law enforcement, victim witness coordinators, and crisis pregnancy services. We offer the following services through our Education Resource Network:

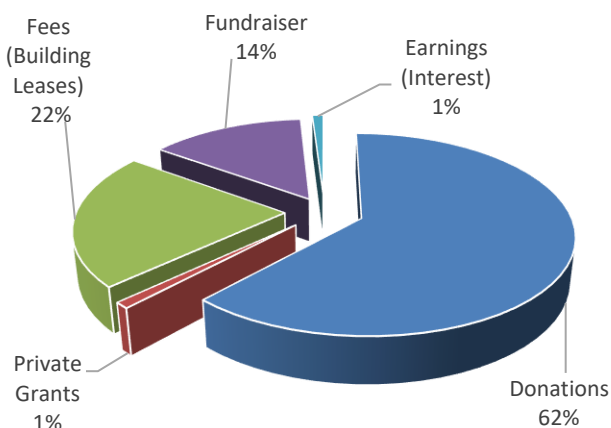

- ◆ Introduction to Domestic Abuse for Church Leaders
- ◆ SPM Network Workshop (half-day)
- ◆ Victim Service Provider Workshop (half-day)
- ◆ Victim Advocate Training (6 weeks)
- ◆ Personal Growth and Ministry Training (weekly for 7 months)
- ◆ Gospel Identity Class
- ◆ Comprehensive Resource Library
- ◆ “Quicklook” Educational Handouts
- ◆ Help and Hope Outreach Cards
- ◆ Website: www.safeplaceministries.com

FINANCIAL HIGHLIGHTS

- ◆ During this past fiscal year, Safe Place replaced 3 HVAC systems due to an intoxicated driver attempting to evade police. Unfortunately, the driver’s insurance policy was bare minimum, so the difference was covered by our insurance. We also paid out of pocket to replace the 3 furnaces. Due to their age, they were not compatible.
- ◆ Financially Safe Place had a favorable net income of more than 5.6%. The ministry was greatly blessed by additional monetary donations from churches and individuals than we had originally anticipated. The donations increased our budgeted income by more than 9%.
- ◆ This year we distributed over 1,954 physical as well as electronic resources.

FINANCIAL SUMMARY

Income Sources

Operating Expenses \$153,368
